Forecast for Friday 25 Sep 2020

Weather: A rather cloudy start with occasional showers, these likely to be increasingly wintry above about 800m. It will become brighter through the morning to leave sunny spells for the afternoon with showers becoming fewer and further between. Clear spells and the odd shower during the evening.

Chance of cloud free mountain/hill tops above 800m: Around 25% at first with periods of cloud above about 750m but rising to around 75% by midday as cloud becomes more occasional above 750m

Visibility: Very good or excellent, falling to a few kilometres in wintry showers on the higher summits.
